onTargetjobs®

Hcareers®
Where hospitality works.™

Need to streamline your hiring?
There's a product that can do the work for you!

Hcareers has exclusively partnered with **SnapHire**, the award-winning Talent Management System, to offer a hiring tool designed to make your candidate search easier through an Applicant Tracking System (ATS).

This web-based technology works from beginning to end of the hiring process, allowing you to:

- **Post jobs from one location** to Hcareers, Monster, and Career Builder, and other job boards using an online login.

- **View dashboard for instant status** of all jobs, candidates and recruiting progress.

- **Quickly organize candidates** using instant ranking, tracking and screening.

- **Streamline all processes and communications** with your staff and candidates.

- **Focus on interviewing** instead of administration

- **Be informed** with the search feature and add notes and statuses to candidate profiles.

- **Avoid resu-mess:** print all resumes and application forms with one-click!

Save time and money, and effectively delegate and manage the entire recruitment process with one product!

Employer Branding Tool – Content Management System

A strong element to the hiring process is attracting potential candidates to your organization.

The Content Management System comes standard with your purchase and is customizable to your branding and messaging!

This hiring page is hosted on your website and includes real time career center updates for any active job postings on Hcareers and other job boards as well as sections to highlight your:

- **Internal and External Job Postings**

- **Employee Testimonials**

- **Department Promotional Information**

- **Hotel Property Promotional Information**

- **Employment News and Announcements**

- **Local Employee Amenities**

Company branding that works for you.
