Our people

Community impact

We are pioneers in the implementation of the Dock-to-Dish program in Central America. Dock-to-Dish connects our chefs to a group of artisanal Quepos-based fishermen through a unique cooperative program. Dock-to-Dish fishermen provide us with only the most local, abundant, low-carbon, sustainable seafood delivered directly from their boats.

## CAREER PATH

## COMMUNITY

## KEYTAKEAWAYS

- ·Sustainability is more than being green, is also community impact
- ·The most important pillar for our companies is thehuman resource
- ·We must return to the planet everything that it givesus, and what better way than taking care of it
